

Lightweight software Heavy industry

PRUFTECHNIK Technology is a part of an international group PRUFTECHNIK - the world leader in laser alignment systems for machines and vibration measurement and analysis. Our specialists create software dedicated to diagnostic devices used in industry. Thanks to our solutions the effectiveness of machines is improved - potential problems are diagnosed and eliminated before the failure occurs, which prevents costly downtime.

Due to our growing needs we are currently looking for

JAVA DEVELOPER

Location: Wrocław, Poland

Project: Brand new cloud based solution for machinery diagnostic, proofed by well established patterns and years of engineering experience

Your role: Developing modern software for condition monitoring of the machines. As a member of an international scrum team you will have a real impact on the choice of technologies, tools and architecture. You will be involved in research activities and your ideas for improving daily work and processes will be more than welcome, as you will be co-working with open minded and innovation focused people.

Requirements:

- Bachelor or master degree in computer science or related fields - preferred fields of study: computer science, mathematics, physics, electronics and telecommunications, mechatronics
- Knowledge of object-oriented programming methodology
- Minimum 3 years of experience in JAVA projects
- Practical knowledge of JAVA 8, Spring, Hibernate, SQL, REST
- Good command of spoken and written English
- Analytical skills
- Good team-worker
- Full-time availability

Welcome:

- Experience with microservices architecture
- Familiarity with NoSQL, Spring Boot, Angular, Docker, Kafka, MQTT
- Knowledge of signal processing issues

We offer:

- Stable employment in an international, reputable, fast growing company
- Ability to see how the developed system works for a final customer at the industrial plant
- Friendly teamwork
- Comfortable working conditions – modern office, play room, roof terrace, showers, bike parking, standing desks
- Language classes (English and German)
- Multisport card and supporting other sport activities (football, running, cycling)
- Group insurance
- Socializing events organized regularly (barbecue, bowling, skiing)
- Relocation assistance

Sounds interesting? Do not hesitate to apply!

We kindly inform you that we will contact selected candidates.
