Due to our growing needs we are currently looking for

### **Principal Frontend Developer**

Location: Wrocław, Poland

#### **Day in the life of Principal Frontend Developer**

A day in the life of a Principal Frontend Developer consists of working as a key member of a cross functional team of highly skilled engineers. You will have the opportunity to work first hand on developing multitenant SaaS applications using the latest technologies. The team is a supportive one, in which working together to achieve group and personal goals is an important pillar.

#### **Responsibilities**

- Software application development
- Writing automated unit tests
- Reporting bugs in the code and bug fixing
- Code reviews
- Regular integration of the code in version control system
- Solving technical problems in the project
- Preparing and updating of project documentation

#### **Your Team**

- The team is composed of back-end and front-end developers, quality assurance engineers, scrum master from all over the world.
- The opportunity to work on this team includes being able to create and promote a positive, innovative and social environment, and when allowed by Covid-19 policy, social gatherings are often held.
- Fun fact: Our teams are named after superheroes!

#### **Experience**

- Bachelor's or Master's degree in Computer Science or related field
- 10+ years of front-end development experience
- Strong Angular, RxJS and React skills
- Advance knowledge of JavaScript (ES) / TypeScript
- Experience in working with CI/CD tools and procedures

#### **Personal Skills**

- Exceptional written, verbal, technical and interpersonal communications skills.
- Demonstrable depth of experience in communicating with internal groups, including UX and Product Management
- Excellent problem-solving and collaboration skills.

#### **Why you should join Fluke**

- Opportunity to work with IIOT and other high tech projects o Using SCRUM framework as well as a framework that is customer focused in ensuring we deliver value to customer by means of collaborative approaches.
- An environment that promotes a healthy work place with amenities such as bike parking, a modern office with a recreation room, showers, standing desks, multisport card and private healthcare o Social events (post pandemic opportunities).

**Sounds interesting? Do not hesitate to apply!**
